Introduction

About MeditMaint

The International and Mediterranean Conference - MeditMaint is the leading event for Maintenance Professionals, Asset Managers, Engineers, Researchers, Professors and other stakeholders active in the field of Maintenance and Asset Management in the Mediterranean region.

MeditMaint Mission

To serve as the premier transnational forum where the Maintenance and Asset Management Community gathers to share know-how, showcase state-of-the-art technologies and forge the strategic partnerships that drive the industry forward.

MeditMaint Vision

To be the catalyst that transforms Maintenance and Asset Management to a strategic pillar of the global economy, fostering an ecosystem where innovation and collaboration lead to a more intelligent, sustainable, and resilient industrial future.

MeditMaint series has evolved into an indispensable annual tradition for professionals across the world. For over three decades, MeditMaint has served as the nexus where science meets industry, where academic rigor converges with industrial application, and where the future of Maintenance and Asset Management is collectively shaped.

The conference is an interactive ecosystem featuring keynote lectures from world-renowned experts, peer-reviewed scientific and technical sessions, hands-on workshops, and a sprawling exhibition of the latest technologies and services.

MeditMaint Community

International Community with a Shared Mission

The true strength of MeditMaint lies not only in its program but in the vibrant, diverse, international and engaged Community.

The conference is designed to be a center of knowledge, experience, and vision, attracting stakeholders who collectively represent the maintenance and asset management ecosystem.

Best Practices and State-of-the-art

The interplay between operational reality, scientific discovery, and technological application is making the MeditMaint Community a driving force for progress.

The global network extends far beyond the conference itself, fostering international research and development collaborations, as well as cross-border business ventures.

Shared mission is to move the profession forward collectively, establishing maintenance and asset management not as a support function, but as a core driver of competitive advantage, innovation, and sustainable value creation.

MeditMaint 2026

18 - 21 May
Croatia, Rovigno

31st International and Mediterranean Conference

31st International and Mediterranean Conference – MeditMaint 2026

The Croatian Maintenance Society (HDO), is honored to announce the **Call for Participation** in the **31st International and Mediterranean Conference - MeditMaint 2026**, organised in proud collaboration with:

- European Federation of National Maintenance Societies (EFNMS),
- Croatian Engineering Association (HIS),
- Danube Adria Association for Automation & Manufacturing,
- Electromechanical Authority.

We invite you to join us on this ambitious and forward-looking conference, dedicated to advancing knowledge and best practices in maintenance and asset management.

- Conference Dates: May 18th-21st 2026
- Venue: Hotel Lone, Rovigno, Croatia

As we convene for the thirty-first time, we celebrate a legacy of excellence and community-building while looking ahead to the next generation of maintenance and asset management.

MeditMaint 2026 Motto:

Next Generation of Maintenance and Asset Management - Best Practices that Drive Results

MeditMaint 2026

18 - 21 May

MeditMaint 2026 Industries and Thematic Areas

MeditMaint 2026 will feature a program addressing the unique challenges and innovations across a wide spectrum of key global sectors.

We invite contributions and participation related, but not limited, to the following industries and thematic areas:

- Aerospace & Defense
- Automotive & Assembly
- Chemicals
- Education
- Electric power & Natural Gas
- Energy & Materials
- Engineering, Construction & Building Materials
- Food and Agriculture
- Healthcare
- Pharmaceutical Industry
- Industrial and Consumer Products
- Infrastructure
- Transport and Logistics
- Metals & Mining
- Oil & Gas
- Public Sector
- AI & Robotics
- Media & Telecommunications
- Naval Architecture and Shipbuilding
- Travel and Tourism

HDO invites **Authors, Exhibitors, Partners and Participants** to register and demonstrate state-of-the-art research & development, technologies and services.

Join the Community that will shape the next generation of maintenance and asset management.

Call for Authors

The International Program & Review Committee invites maintenance professionals, asset managers, engineers, researchers, professors, academics, and industry experts to submit their papers for the International and Mediterranean Conference – MeditMaint.

The papers should report original, unpublished findings in the field of maintenance, asset management, facility management, engineering and applied science, focusing on the technical, economic, social and environmental perspectives.

Submissions that offer new insights, rigorous analysis, and practical solutions aligned with the conference's diverse thematic areas are welcomed. The papers that contribute significantly to the state-of-the-art and report final results of research and development, with proper literature review, will be reviewed and will be candidates for publication in following partner journals:

- Journal of Maintenance and Exploitation,
- Journal of Energy,
- Maintworld.

Contribution Types

Each paper to be published in Proceedings and in the journals will have to be presented at the Conference by one of the authors (presenting author).

Papers not presented will not be invited to be published in journals, no matter what the reason for not presenting them is. Each onsite participating author will be obliged to present one paper orally at the Conference.

Original scientific articles (4000 – 8000 words) are original, high-quality research papers presenting new, unpublished scientific findings expressed in an objectively verifiable manner.

Preliminary reports (4000 – 8000 words) contain new research discoveries requiring rapid publication. These papers may not necessarily enable the verification of the presented results.

Review articles (6000 – 10000 words) must be an original, concise, and critical overview of the state of the art in the field or its segment in which the author(s) actively participate. The role of the author's original contributions to the field in relation to previously published works should be emphasized, along with a comprehensive review of relevant research. Review articles may be invited by the editorial board. Authors wishing to propose a review article should submit an inquiry and provide an abstract, a curriculum vitae, a list of publications, and the names of potential reviewers.

Conference papers (4000 – 7000 words), previously presented at conferences, must be published in the form of a complete article only in case of not being previously published in the conference proceedings. Note for authors: In case of submitting a paper that has already been presented, general information about the conference (title, date, and location) should be provided. Include this information as a footnote or similar.

Professional papers (4000 – 8000 words) contain useful contributions to a specific field and do not necessarily represent original (scientific) research.

Submission

All manuscripts must be submitted through the official MeditMaint 2026 online submission. Please visit our website for detailed author guidelines, formatting templates, and submission instructions.

Call for Exhibitors

MeditMaint 2026 provides an opportunity for technology leaders, equipment manufacturers, and service providers to connect directly with a targeted and influential audience. MeditMaint exhibition is the central place where the industry's key decision-makers, maintenance professionals, asset managers, researchers, professors, and other experts meet to discover the next generation of solutions.

By exhibiting at MeditMaint, you place your brand at the forefront of the maintenance and asset management ecosystem.

MeditMaint Exhibition is a dynamic environment designed to foster meaningful engagement, generate high-quality leads, and solidify your position as a leader in the field.

Join us to demonstrate your value to a professional community actively seeking to invest in the future.

Visibility

Your company will gain prominent recognition among a dedicated audience of researchers, senior professionals, and key stakeholders from over 20 industries. This is your chance to stand out from the competition and reinforce your brand's commitment to innovation and quality in front of those who matter most.

Networking

The conference is an ideal environment to cultivate new business relationships and strengthen existing partnerships. Engage in substantive conversations with potential clients, collaborators, and technology partners who are gathered with the explicit purpose of advancing their operational capacity.

Technology Demonstration

There is no better venue to demonstrate your latest products, services and technological breakthroughs. Present your solutions to an audience and gather immediate, high-value feedback.

The MeditMaint exhibition allows you to prove your product's capabilities in a live, interactive setting.

Highlight Company Expertise

Participating in panels, hosting a workshop, or presenting in the commercial program allows you to highlight your company's deep expertise. Share your knowledge with the community and position your organization at the forefront of maintenance and asset management.

Register and Secure Your Space

Exhibition spaces are limited and assigned on a first-come, first-served basis. We encourage you to apply early to secure a premium location.

To begin, please fill out the Exhibitor Application Form on our conference website. The MeditMaint Organising Committee will review your application and contact you with further information, available packages, and confirmation of your exhibition space.

Become a MeditMaint Exhibitor and connect with the leaders shaping next generation maintenance and asset management.

Call for Partners

MeditMaint 2026 invites leading organizations to elevate their visibility and demonstrate their commitment to the future of maintenance and asset management by becoming an official conference partner.

Partnership offers a unique and powerful opportunity to align your brand with the leading industry event, fostering deep connections with a community of maintenance professionals, asset managers, decision-makers and other stakeholders.

A partnership is a strategic collaboration. It positions your organization as a key supporter of the professional community and a driving force behind the advancement of the industry. We offer a range of partnership tiers designed to provide maximum value and visibility before, during, and after the conference.

Partnership Advantage

Align your brand with the leading conference for maintenance and asset management in the Mediterranean, an event synonymous with quality, innovation, and leadership.

Enhanced Company Visibility

Benefit from prominent logo placement across all conference marketing materials, on the official website, in event publications, and on-site, ensuring your brand is seen by participants.

Targeted Audience Engagement

Gain exclusive access to a highly specialised and influential audience. Partnership provides unique opportunities for direct engagement with industry leaders, senior executives, and key researchers.

Demonstrate Industry Leadership

Show your organization's unwavering commitment to fostering knowledge, advancing technology, and supporting the professional development of the community. A partnership with MeditMaint is a clear statement of your leadership role in the industry.

Partnership Opportunities

We offer a variety of partnership levels to match your strategic goals and budget, including:

Gold Partner

Our highest level of partnership, offering premier brand exposure, a keynote address opportunity, and exclusive networking privileges.

Silver Partners

High-visibility packages with significant branding benefits and opportunities to sponsor key conference events, such as networking receptions or award ceremonies.

Bronze Partners

High-visibility packages with significant branding benefits.

Institutional & Media Partners

Collaborative partnerships for academic institutions, professional associations, and media outlets that share our mission to disseminate knowledge and promote the industry.

We are committed to creating relationships and developing a custom partnership package tailored to your organization's specific objectives.

Call for Participants

MeditMaint 2026 is the premier gathering of experts, researchers, and practitioners in the field of maintenance and asset management, engineering and applied sciences.

This is your opportunity to step away from the daily routine and immerse yourself in a dynamic professional environment designed for learning, sharing know-how and making connections.

Why Attend MeditMaint 2026?

Whether you are looking to understand emerging trends, find solutions to complex challenges, or build your professional network, MeditMaint is the leading event for you.

Forge Career-Defining Connections

Connect with a diverse group of industry leaders, innovators, and peers from around the world. MeditMaint is the perfect platform to meet new partners, find your next client, and build a professional network that will support your career.

Experience the Tech Expo

Discover the latest innovations, technologies, and services that are shaping the future of maintenance. Tech Expo provides an opportunity to witness cutting-edge advancements firsthand and speak directly with the technology providers.

Access Next Generation Knowledge

Dive deep into the latest research and development trends presented by leading academics and R&D experts from around the world. Gain powerful insights into the scientific breakthroughs that will become industry-standard practices and explore their potential application in your work.

Professional Development

Enhance your knowledge and sharpen your skills through a series of interactive workshops, technical sessions, and panel discussions. Led by renowned industry experts, these sessions are redesigned to provide practical, hands-on experience in a variety of topics relevant to today's professionals.

Who Should Attend?

MeditMaint is designed for all professionals involved in the physical asset lifecycle, including Maintenance Managers, Reliability Engineers, Asset Strategists, Researchers, Technology Providers, and Senior Executives.

Register and become part of the MeditMaint 2026 Community.
